VIATERA Features & Benefits

- U.S. Manufacturing Presence**
 Most VIATERA colors are manufactured in our U.S. facility using domestic and imported materials, supporting a stable supply chain while ensuring reliable performance and consistency.
- Sustainable & Advanced Design**
 Select VIATERA colors feature NeoQ™ technology with post-consumer recycled content for a more sustainable surface. Certain NeoQ™ colors also incorporate TrueView™ technology for enhanced realism.
- Strong & Durable**
 VIATERA contains up to 93% natural quartz while natural stone generally contains 20 to 60% quartz. As a result, VIATERA tends to have higher tensile strength than natural stone.
- Stain & Scratch Resistant**
 Quartz is resistant to absorption and everyday wear. As a result, VIATERA helps protect against stains from household substances and scratches from routine use.
- Hygienic & Non-porous**
 VIATERA is non-porous and safe for food preparation. Porous materials or seams can trap food particles, creating a breeding ground for bacteria.
- Easy Care & Maintenance**
 Non-porous and easy to clean, VIATERA is ideal for kitchens and baths. Unlike other stone products, it does not require sealing, reducing maintenance.

Certifications

Search for LX Hausys on NSF.org to see the listing of certified colors. Select VIATERA colors are BABA-compliant and ready to support federally funded infrastructure and public building projects across the U.S. Please note that BABA applicability and documentation requirements may vary by federal agency and project type. Compliance must be verified on a project-specific basis.

VIATERA Elevate every space

Elevate every space

VIATERA, inspired by life's moments and nature, redefines countertops as the canvas where beauty meets utility. More than just a high-quality engineered surface, VIATERA is an artful expression, always balancing lifestyle and utility. Our commitment to outstanding craftsmanship ensures dependability – a promise delivered consistently with precision. Like the enduring inspiration we draw from everyday life, VIATERA surfaces are not only practical but also designed to be lasting, reflecting the practicality and longevity that you desire in every space.
